EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below.

In claim 9, line 2, replace "than" with "with an".

In claim 20, line 2, replace "o by eight" with "by weight".

The application has been amended as follows:

REASONS OF ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claim 1 recites a physiologically acceptable composition, comprising:

An aqueous phase dispersed in an oily phase, and an oligomeric or polymeric emulsifier comprising i) polyolefinic apolar component comprising at least 40 carbon atoms and ii) at least one polar component, wherein said oily phase comprises at least one hydrocarbon oil and said at least one hydrocarbon oil is present in an amount of at least 40 % by weight relative to the total weight of the oily phase.

The claimed emulsion and the method of using and making thereof are found novel and nonobvious over the prior arts. While Lachampt (US 3846546) and Viout (US 3860700) each teaches topically applicable emulsions comprising copolymers of apolar olefinic group containing 10-20 carbon atoms and polar components, the references fail to teach polyolefinic group containing at least 40 carbon atoms as required by the claims.

Further, applicants' 37 C.F.R. 1.132 declaration submitted on September 24, 2005 has been fully considered, and is persuasive as to the novelty of the invention.

Applicants have shown by comparative data that a composition with an emulsifier comprising a polyolefinic apolar component comprising at least 40 carbon atoms is more stable than composition with an emulsifier comprising olefinic apolar components made of less than 40 carbon atoms (comparative example 1 contains 18 carbon atoms and example 2 contains 16 carbon atoms).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gina C. Yu whose telephone number is 571-272-8605. The examiner can normally be reached on Monday through Friday, from 8:30 AM until 6:00 PM..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sreeni Padmanabhan can be reached on 571-272-0629. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
